

DEAR CANDIDATE:

**Public libraries are
important to me,
my family and my
community!**

**Please help make public
libraries an important
issue during this election!**

Public libraries need increased
core funding for collections,
services and programs.

**Hang this on the door of your
home or business and ask
your candidate how they will
financially support YOUR
public library.**

Thank you from your Regional
Library!

*Public Libraries provide books, free access to
the internet, lifelong learning programs and
services for all ages.*
