About the Film: Three sisters and a brother, adopted as infants into separate families across North America, meet together for the first time in this deeply moving documentary. Removed from their young Gene mother's care as part of Canada's infamous sixties scoop, Betty Ann, Esther, Rosalie and Ben were four of the 20,000 Indigenous children taken from their families between 1955 and 1985. Now all in middle age, each has grown up in different circumstances with no shared memories. To watch the trailer, please visit http://www.nfb.ca/film/birth_of_a_family/
